

DIVISION I: DISPLAYS

Class 1	Table Display (4 m ²)
Class 2	Landscapes (9 m ²)
Class 3	Landscapes (25 m ²)
Class 4	Landscapes (50 m ²)
Class 5	Landscapes (100 m ²)
Best Table Display (4m ²)	
Best Small Display (9m ²)	
Best Medium Display (25m ²)	
Best Large Display (50m ² to 100m ²)	
Grand Champion Display	

DIVISION II: INDIVIDUAL PLANTS

Group A: Laeliinae	
Section 1 : Cattleya Species	
Class 1	Cattleya Species, Unifoliate
Class 2	Cattleya Species, Bifoliate, Including Guarianthe
Class 3	Cattleya Species, Miniature - Natural Spread Less than 12.5 cm
Trophy: Best of Classes 1 to 3 Cattleya Species	
Section 2 : Cattleya Hybrids - Standard	
Class 4	Cattleya Hybrids, Standard Type - White or Semi-alba
Class 5	Cattleya Hybrids, Standard Type - Lavender, Mauve, Pastel, Pink
Class 6	Cattleya Hybrids, Standard Type - Red, Orange Red
Class 7	Cattleya Hybrids, Standard Type - Yellow, Orange
Class 8	Cattleya Hybrids, Standard Type - Green
Class 9	Cattleya Hybrids, Standard Type - Splash Petal, Art Shade
Class 10	Cattleya Hybrids, Standard Type - Spotted, Bronze, Striped
Class 11	Cattleya Hybrids, Standard Type - Blue, Any Other Colour
Trophy: Best of Classes 4 to 11 Cattleya Hybrids - Standard	
Section 3 : Cattleya Hybrids - Cluster Type	
Class 12	Cattleya Hybrids, Cluster Type - White or Semi-alba
Class 13	Cattleya Hybrids, Cluster Type - Lavender, Mauve, Pastel, Pink
Class 14	Cattleya Hybrids, Cluster Type - Red, Orange Red
Class 15	Cattleya Hybrids, Cluster Type - Yellow, Orange
Class 16	Cattleya Hybrids, Cluster Type - Green
Class 17	Cattleya Hybrids, Cluster Type - Art Shade or Splash Petal
Class 18	Cattleya Hybrids, Cluster Type - Spotted, Bronze, Stripe
Class 19	Cattleya Hybrids, Cluster Type - Any Other Color
Trophy: Best of Classes 12 to 19 Cattleya Hybrids - Cluster Type	
Section 4 : Cattleya Hybrids, Miniature - Natural Spread Less than 10cm	
Class 20	Cattleya Hybrids, Miniature - White or Semi-alba, Pink
Class 21	Cattleya Hybrids, Miniature - Red, Purple
Class 22	Cattleya Hybrids, Miniature - Yellow, Green, Orange

Class 23	Cattleya Hybrids, Miniature - Any Other Color
Section 5 : Cattleya Hybrids, Miniature - Natural Spread More than 10cm	
Class 24	Cattleya Hybrids, Miniature – Any Color
Trophy: Best of Classes 20 to 24 Cattleya Hybrids - Miniature	
Section 6 : Other Laeliinae - Rhyncholaelia and Brassavola	
Class 25	Rhyncholaelia Species
Class 26	Brassavola Species
Class 27	Rhyncholaelia Hybrids, Excluding Cattleya
Class 28	Brassavola Hybrids, Excluding Cattleya
Class 29	Brassavola Intergeneric Hybrids, Excluding Cattleya
Trophy: Best of Classes 25 to 29 Other Laeliinae - Rhyncholaelia and Brassavola	
Section 7 : Other Laeliinae - Epidendrum, Encyclia, and Prosthechea	
Class 30	Epidendrum Species
Class 31	Epidendrum Hybrids
Class 32	Prosthechea Species
Class 33	Prosthechea Hybrids
Class 34	Encyclia Species
Class 35	Encyclia Hybrids
Class 36	Encyclia Intergeneric Hybrids
Trophy: Best of Classes 30 to 36 Other Laeliinae - Epidendrum, Encyclia, and Prosthechea	
Section 8: Other Laeliinae - Broughtonia, includes Laeliopsis and Cattleyopsis	
Class 37	Broughtonia Species
Class 38	Broughtonia Hybrids
Class 39	Broughtonia Intergeneric Hybrids
Trophy: Best of Classes 37 to 39 Other Laeliinae - Broughtonia, includes Laeliopsis and Cattleyopsis	
Section 9: Other Laeliinae - Laelia	
Class 40	Laelia Species
Class 41	Laelia Hybrids
Class 42	Laelia Intergeneric Hybrids
Trophy: Best of Classes 40 to 42 Other Laeliinae - Laelia	
Section 10: Other Laeliinae - Myrmecophila and Other species	
Class 43	Myrmecophila Species
Class 44	Myrmecophila Hybrids
Class 45	Other species Except Classes 1 to 44
Trophy: Best of Classes 43 to 45 Other Laeliinae - Myrmecophila	
Best In Show – Laeliinae Species (Classes 1-3, 25, 26, 30, 32, 34, 27, 40, 43 & 45)	
Best In Show – Cattleya Hybrid, Unifoliate (Classes 4 to 11)	
Best In Show – Cattleya Hybrid, Bifoliate (Classes 12 to 24)	
Best In Show – Laeliinae Hybrid, Except Cattleya (Classes 27-29, 31, 33, 35, 36, 38, 39, 41, 42 & 44)	
Best In Show – Best Laeliinae (Classes 1 to 45)	
Group B: Cyripedioideae	
Section 11 : Paphiopedilum Species	

Class 46	Paphiopedilum Species, Section Brachypetalum
Class 47	Paphiopedilum Species, Section Parvisepalum
Class 48	Paphiopedilum Species, Section Barbata
Class 49	Paphiopedilum Species, Section Coryopedilum and Pardalopetalum (Multiflora Type)
Class 50	Paphiopedilum Species, Section Cochlopetalum (Sequential-Flowering Type)
Class 51	Paphiopedilum Species, Section Paphiopedilum and Any Other Single-Flowered Species
Trophy: Best of Classes 46 to 51 Paphiopedilum Species	
Section 12 : Paphiopedilum Hybrids	
Class 52	Paphiopedilum Hybrids, Single-Flowered - Maudiae Type including Barbata Section
Class 53	Paphiopedilum Hybrids, Single-Flowered - BrachyPetalum Type
Class 54	Paphiopedilum Hybrids, Single-Flowered - Parvisepalum Type
Class 55	Paphiopedilum Hybrids, Single-Flowered - Hybrid Between Brachypetalum and Parvisepalum
Class 56	Paphiopedilum complex Hybrids, Single-Flowered - White, Cream, Pink, Green, Yellow
Class 57	Paphiopedilum complex Hybrids, Single-Flowered - Tan, Mahogany, Bronze, Red, Rose, Vinicolor, Spots
Class 58	Paphiopedilum Hybrids - Any Other Single-Flowered cross with Complex Type
Class 59	Paphiopedilum Hybrids - Single-Flowered, any Other Hybrid Except those in Classes 52-58
Class 60	Paphiopedilum - Multiflora Primary Hybrids
Class 61	Paphiopedilum - Multiflora Type All Progeny of Sanderianum
Class 62	Paphiopedilum - Multiflora Type Except those in Classes 60-61
Class 63	Paphiopedilum Hybrids - Multiflora Cross with Any Single-Flowered
Trophy: Best of Classes 52 to 63 Paphiopedilum Hybrids	
Section 13 : Cypripedioideae - Others	
Class 64	Phragmipedium Species
Class 65	Phragmipedium kovachii Hybrids - All Progeny of Phragmipedium kovachii
Class 66	Phragmipedium Hybrids, Excluding Phragmipedium kovachii in background
Class 67	Cypripedioideae Species and Hybrids not Otherwise provided for in this Schedule - Cypripedium, Mexipedium and Selenipedium Except Classes 46 - 66.
Trophy: Best of Classes 64 to 67 Cypripedioideae - Others	
Best In Show – Cypripedioideae Species, Single-Flowered (Classes 46 to 48, 51 & 64)	
Best In Show – Cypripedioideae Hybrid, Single-Flowered (Classes 52-59, 65)	
Best In Show – Cypripedioideae Species, Multiflora (Classes 49, 50 & 67)	
Best In Show – Cypripedioideae Hybrid, Multiflora (Classes 60 to 63, 66 & 67)	
Best In Show – Best Cypripedioideae (Classes 46 to 67)	
Group C: Phalaenopsis	
Ssection 14: Phalaenopsis Species	
Class 68	Phalaenopsis Species, Subgenus Polychilos
Class 69	Phalaenopsis Species, Subgenus Phalaenopsis
Class 70	Phalaenopsis Species, Any Other Subgenus
Trophy: Best of Classes 68 to 70 Phalaenopsis Species	
Section 15: Phalaenopsis Hybrids - Star-Shaped or Novelty	
Class 71	Phalaenopsis Hybrids, Star-shaped or Novelty - White, Pink, Purple, Red or Blue with Patterns or Markings
Class 72	Phalaenopsis Hybrids, Star-shaped or Novelty - Yellow, Bronze, Orange, Green or Any Colour with Patterns or Markings

Class 73	Phalaenopsis Hybrids, Star-shaped or Novelty - Any Colour without Patterns or Markings
Trophy: Best of Classes 71-73 Phalaenopsis Hybrids - Star-Shaped or Novelty	
Section 16: Phalaenopsis Hybrids - Natural Spread Less than 7cm	
Class 74	Phalaenopsis Hybrids - Green, Yellow, Orange, White or with Colored Lip, Including Patterns or Markings
Class 75	Phalaenopsis Hybrids - Pink, Purple, Red or Blue, Including Patterns or Markings
Class 76	Phalaenopsis Hybrids - Any Other Colour, Including Patterns or Markings, Except those in Classes 74 and 75
Class 77	Phalaenopsis Hybrids - Green, Yellow, Orange or White, Including Patterns or Markings, with Big Lip, Except those in Class 80
Class 78	Phalaenopsis Hybrids - Pink, Purple, Red or Blue, Including Patterns or Markings, with Big Lip, Except those in Class 81
Class 79	Phalaenopsis Hybrids - Any Other Colour, Including Patterns or Markings, with Big Lip, Except those in Classes 77, 78 and 82
Class 80	Phalaenopsis Hybrids - Green, Yellow, Orange or White with Harlequin markings
Class 81	Phalaenopsis Hybrids - Pink, Purple, Red or Blue with Harlequin markings
Class 82	Phalaenopsis Hybrids - Any Other Colour with Harlequin markings Except those in Classes 80 and 81
Trophy: Best of Classes 74 to 82 Phalaenopsis Miniature Hybrids - Natural Spread Less than 7cm	
Section 17: Phalaenopsis Hybrids - (Natural Spread 7-9cm)	
Class 83	Phalaenopsis Hybrids - Green, Yellow, Orange, White or with Colored Lip, Including Patterns or Markings
Class 84	Phalaenopsis Hybrids - Pink, Purple, Red or Blue, Including Patterns or Markings
Class 85	Phalaenopsis Hybrids - Any Other Colour, Including Patterns or Markings, Except those in Classes 83 and 84
Class 86	Phalaenopsis Hybrids - Green, Yellow, Orange or White, Including Patterns or Markings, with Big Lip
Class 87	Phalaenopsis Hybrids - Pink, Purple, Red or Blue, Including Patterns or Markings, with Big Lip
Class 88	Phalaenopsis Hybrids - Any Other Colour, Including Patterns or Markings, with Big Lip, Except those in Classes 86, 87
Class 89	Phalaenopsis Hybrids - Green, Yellow, Orange or White with Harlequin markings, Except those in Class 86
Class 90	Phalaenopsis Hybrids - Pink, Purple, Red or Blue with Harlequin markings, Except those in Class 87
Class 91	Phalaenopsis Hybrids - Any Other Colour with Harlequin markings, Except those in Classes 89 to 90
Trophy: Best of Classes 83 to 91 Phalaenopsis Miniature Hybrids - Natural Spread 7-9cm	
Section 18: Phalaenopsis Hybrids - Natural Spread over 9cm	
Class 92	Phalaenopsis Hybrids - Green, Yellow, Orange, White or with Colored Lip, Including Patterns or Markings
Class 93	Phalaenopsis Hybrids - Pink, Purple or Red, Including Patterns or Markings
Class 94	Phalaenopsis Hybrids - Any Other Colour, Including Patterns or Markings, Except those in Classes 92 and 93
Class 95	Phalaenopsis Hybrids - Green, Yellow, Orange or White, Including Patterns or Markings, with Big Lip, Except those in Class 98
Class 96	Phalaenopsis Hybrids - Pink, Purple or Red, Including Patterns or Markings, with Big Lip, Except those in Class 99
Class 97	Phalaenopsis Hybrids - Any Other Colour, Including Patterns or Markings, with Big Lip, Except those in Class 100
Class 98	Phalaenopsis Hybrids - Green, Yellow, Orange or White with Harlequin Markings
Class 99	Phalaenopsis Hybrids - Pink, Purple or Red with Harlequin Markings
Class 100	Phalaenopsis Hybrids - Any Other Colour with Harlequin Markings, Except those in Classes 98 and 99
Trophy: Best of Classes 92 to 100 Phalaenopsis Standard Hybrids - Natural Spread over 9cm	
Best In Show – Phalaenopsis Species (Classes 68-70)	
Best In Show – Phalaenopsis Star-Shaped or Novelty Hybrid (Classes 71-73)	
Best In Show – Phalaenopsis Harlequin Hybrid - Including all Natural Spreads (Classes 80-82, 89-91 & 98-100)	
Best In Show – Phalaenopsis Big Lip Hybrid - Including all Natural Spreads (Classes 77-79, 86-88 & 95-97)	
Best In Show – Phalaenopsis Hybrid, Except Harlequins and Big Lips - Including all Natural Spreads (Classes 74-76, 83-85 & 92-94)	
Best In Show – Best Phalaenopsis - All Classes	
Group D: Vandeae	

Section 19: Vanda	
Class 101	Vanda Species - Plant Height More than 25cm
Class 102	Vanda Species - Plant Height Less than 25cm
Class 103	Vanda Hybrids - Strap Leaf
Class 104	Vanda Species and Hybrids - Terete Leaf
Class 105	Vanda Hybrids - Intermediate Leaf, Any Other not Provided for Above
Trophy: Best of Classes 101 to 105 Vanda	
Section 20: Rhynchostylis	
Class 106	Rhynchostylis Species
Class 107	Rhynchostylis Hybrids - Intrageneric
Class 108	Rhynchostylis Hybrids - with Phalaenopsis
Class 109	Rhynchostylis Hybrids - Intergeneric with Other Vandaceous
Trophy: Best of Classes 106 to 109 Rhynchostylis	
Section 21 : Paraphalaenopsis	
Class 110	Paraphalaenopsis Species and Intrageneric Hybrids
Class 111	Paraphalaenopsis Intergeneric Hybrids Hybrids should have predominantly Paraphalaenopsis Influence and Characteristics
Trophy: Best of Classes 110 to 111 Paraphalaenopsis	
Section 22 : Arachnis, Aranda and Mokara	
Class 112	Arachnis Species and Intrageneric Hybrids
Class 113	Arachnis Bi-generic and Multi-generic Hybrids Other than Aranda or Mokara Hybrids should have predominantly Arachnis influence and Characteristics
Class 114	Aranda - Red, Red-purple, Blue, Blue-violet
Class 115	Aranda - Yellow, Orange, Bronze, Brown
Class 116	Aranda - Any Other Colour
Class 117	Mokara - Red, Red-purple, Blue, Blue-violet
Class 118	Mokara - Yellow, Orange, Bronze, Brown
Class 119	Mokara - Any Other Colour
Trophy: Best of Classes 112 to 119 Arachnis, Aranda and Mokara	
Section 23: Renanthera	
Class 120	Renanthera Species
Class 121	Renanthera Intrageneric Hybrids
Class 122	Kagawaara and Renantanda Intergeneric Hybrids
Class 123	Renanthera Hybrids - Any Other Intergeneric Hybrid Hybrids should have predominantly Renanthera influence and characteristics
Trophy: Best of Classes 120 to 123 Renanthera	
Section 24: Angraecoids and Other Vandeae	
Class 124	Angraecum Species and Hybrids with a predominantly Angraecum influence and characteristics
Class 125	Angraecoid Species and Hybrids not provided for above Amesiella, Cytorchis, Jumellea, Neobathiea, Microcoelia, Mystacidium, Plectrelminthis, Rangaeris, etc.
Class 126	Aerides Species and Hybrids Hybrids should have predominantly Aerides influence and characteristics.
Class 127	Other Vandeae Species and Hybrids
Trophy: Best of Classes 124 to 127 Angraecoids and Other Vandeae	
Best In Show – Vanda Species (Classes 101, 102 & 104)	

Best In Show – Vanda Hybrid (Classes 103 to 105)	
Best In Show – Other Vandaeae Species (Classes 106, 110, 112, 124, 125 & 127)	
Best In Show – Other Vandaeae Hybrid (Classes 107 to 109, 111, 113 to 119, 121 to 125 & 127)	
Best In Show – Best Vandaeae (Classes 101 to 127)	
Group E: Dendrobium	
Section 25: Dendrobium Species	
Class 128	Dendrobium Species - Formosae Section
Class 129	Dendrobium Species - Pedilonum Clyptrochilum Section
Class 130	Dendrobium Species - Latouria Section
Class 131	Dendrobium Species - Dendrobium Section
Class 132	Dendrobium Species - Cuthbertsonia Section
Class 133	Dendrobium Species - Tetrodon Section
Class 134	Dendrobium Species - Any Other Section
Trophy: Best of Classes 128 to 134 Dendrobium Species	
Section 26: Dendrobium Hybrids Standard Phalaenopsis Type - Natural Spread More than 5cm	
Class 135	Dendrobium Hybrids Standard Phalaenopsis Type - White, Green
Class 136	Dendrobium Hybrids Standard Phalaenopsis Type - Pink, Blue, Purple
Class 137	Dendrobium Hybrids Standard Phalaenopsis Type - Splash, Striped
Class 138	Dendrobium Hybrids Standard Phalaenopsis Type - Any Other Colour
Trophy: Best of Classes 135 to 138 Dendrobium Hybrids Standard Phalaenopsis Type - Natural Spread More than 5cm	
Section 27: Dendrobium Hybrids Standard Phalaenopsis Type - Natural Spread Less than 5cm	
Class 139	Dendrobium Hybrids Standard Phalaenopsis Type - White, Green
Class 140	Dendrobium Hybrids Standard Phalaenopsis Type - Pink, Blue, Purple
Class 141	Dendrobium Hybrids Standard Phalaenopsis Type - Splash, Striped
Class 142	Dendrobium Hybrids Standard Phalaenopsis Type - Any Other Colour
Trophy: Best of Classes 139 to 142 Dendrobium Hybrids Standard Phalaenopsis Type - Natural Spread Less than 5cm	
Section 28: Dendrobium Intersectional Hybrids - Combine Pedilonum and Clyptrochilum	
Class 143	Dendrobium Intersectional Hybrids - Pedilonum Clyptrochilum, Single Colour
Class 144	Dendrobium Intersectional Hybrids - Pedilonum Clyptrochilum, Bicolor, one main Colour with any Other Colour
Class 145	Dendrobium Intersectional Hybrids - Pedilonum Clyptrochilum, Striped
Class 146	Dendrobium Intersectional Hybrids - Pedilonum Clyptrochilum, Any Other Colour
Trophy: Best of Classes 143 to 146 Dendrobium Intersectional Hybrids - combine Pedilonum and Clyptrochilum	
Section 29: Dendrobium Hybrids Nobile Type	
Class 147	Dendrobium Hybrids Nobile Type - White, White with any Other Colour
Class 148	Dendrobium Hybrids Nobile Type - Red, Pink, one main Colour with any Other Colour
Class 149	Dendrobium Hybrids Nobile Type - Yellow, Green, one main Colour with any Other Colour
Class 150	Dendrobium Hybrids Nobile Type - Splash, Stripe
Class 151	Dendrobium Hybrids Nobile Type - Any Other Colour
Trophy: Best of Classes 147 to 151 Dendrobium Hybrids - Nobile Type	
Section 30: Dendrobium Other Hybrids	
Class 152	Dendrobium Other Hybrids - Formosae Type
Class 153	Dendrobium Other Hybrids - Tetrodon Type

Class 154	Dendrobium Other Hybrids - Latouria Type
Class 155	Dendrobium Other Hybrids - Antelope Type
Trophy: Best of Classes 152 to 155 Dendrobium Other Hybrids	
Section 31: Other Dendrobium Intersectional Hybrids	
Class 156	Other Dendrobium Intersectional Hybrids - White
Class 157	Other Dendrobium Intersectional Hybrids - Blue, Pink, Purple
Class 158	Other Dendrobium Intersectional Hybrids - Yellow, Green
Class 159	Other Dendrobium Intersectional Hybrids - Splash, Stripe
Class 160	Other Dendrobium Intersectional Hybrids - Bicolor
Class 161	Other Dendrobium Intersectional Hybrids - Any Other Colour
Trophy: Best of Classes 156 to 161 Other Dendrobium Intersectional Hybrids	
Best In Show – Dendrobium Species (Classes 128 to 134)	
Best In Show – Dendrobium Hybrid (Classes 152 to 155)	
Best In Show – Dendrobium Hybrid, Standard Phalaenopsis Type (Classes 135 to 142)	
Best In Show – Dendrobium Hybrid, Intersectional Hybrids (Classes 143-146 & 156 to 161)	
Best In Show – Best Dendrobium (Classes 128 to 161)	
Group F: Oncidiinae	
Section 32: Oncidium Species and Hybrids	
Class 162	Oncidium Species and Hybrids - Thin-leaved Type
Class 163	Oncidium Species and Hybrids - Rat-tail Type
Class 164	Oncidium Species and Hybrids - Mule-ear Type
Class 165	Oncidium Species and Hybrids not Otherwise provided for in this Schedule
Trophy: Best of Classes 162 to 165 Oncidium Species and Hybrids	
Section 33: Oncidiinae - Others	
Class 166	Miltoniopsis Species and Intrageneric Hybrids
Class 167	Brassia Species and Intrageneric Hybrids
Class 168	Psychopsis Species and Intrageneric Hybrids
Class 169	Tolumnia Species and Intrageneric Hybrids
Class 170	Twinkle Type Species and Intrageneric Hybrids
Class 171	Oncidiinae Species and Intrageneric Hybrids not Otherwise provided for in this Schedule
Class 172	Oncidiinae Intergeneric Hybrids not Otherwise provided for in this Schedule
Trophy: Best of Classes 166 to 172 Oncidiinae - Others	
Best In Show – Oncidiinae Species (Classes 162 to 171)	
Best In Show – Oncidiinae Intrageneric Hybrid (Classes 162 to 171)	
Best In Show – Oncidiinae Intergeneric Hybrid (Class 172)	
Best In Show – Best Oncidiinae (Classes 162 to 172)	
Group G: Pleurothallidinae	
Section 34: Pleurothallidinae	
Class 173	Masdevallia and Dracula Species
Class 174	Masdevallia and Dracula Hybrids, including intergeneric Hybrids
Class 175	Pleurothallidinae Species and Hybrids not Otherwise provided for in this Schedule
Trophy: Best of Classes 173 to 175 Pleurothallidinae	

Best In Show – Pleurothallidinae Species (Classes 173 & 175)	
Best In Show – Pleurothallidinae Hybrid (Classes 174 & 175)	
Best In Show – Best Pleurothallidinae (Classes 173 to 175)	
Group H: Cymbidieae	
Section 35: Cymbidium Species	
Class 176	Having 3 Flowers or Less Standard Type - Bright Coloured Flower (Red, Orange, Pink, Brown, Multi-Colour, Line-Colour Flower)
Class 177	Having 3 Flowers or Less Standard Type - Plain Coloured Flower (Yellow, Green, White)
Class 178	Having 3 Flowers or Less: Standard Type - Lotus Flower Petal Type
Class 179	Having 3 Flowers or Less: Standard Type - Plum Flower Petal Type
Class 180	Having 3 Flowers or Less: Standard Type - Butterfly Flower Petal Type
Class 181	Having 3 Flowers or Less: Double-Flowered Flower Type - Multi-lips Flower Type, Multi-pistils concentrated Flower Type
Class 182	Having 3 Flowers or Less: Any Other Flower Type not provided for above
Class 183	Having 4 Flowers or More: Standard Type - Bright Coloured Flower (Red, Orange, Pink, Brown, Multi-Colour, Line-Colour Flower)
Class 184	Having 4 Flowers or More: Standard Type - Plain Coloured Flower (Yellow, Green, White)
Class 185	Having 4 Flowers or More: Standard Type - Lotus Flower Petal Type
Class 186	Having 4 Flowers or More: Standard Type - Plum Flower Petal Type
Class 187	Having 4 Flowers or More: Standard Type - Butterfly Flower Petal Type
Class 188	Having 4 Flowers or More: Double-Flowered Flower Type - Multi-lip Flower Type, Multi-pistils concentrated Flower Type
Class 189	Having 4 Flowers or More: Any Other Flower Type not provided for above
Trophy: Best of Classes 176 to 189 Cymbidium Species	
Section 36: Cymbidium Hybrids	
Class 190	Plants at, or Less than, 25cm in height: Standard Type - Bright Coloured Flower (Red, Orange, Pink, Brown, Multi-Colour, Line-Colour Flower)
Class 191	Plants at, or Less than, 25cm in height: Standard Type - Plain-Coloured Flower (Yellow, Green, White)
Class 192	Plants More than 25cm in height: Standard Type - Bright Coloured Flower (Red, Orange, Pink, Brown, Multi-Colour, Line-Colour Flower)
Class 193	Plants More than 25cm in height: Standard Type - Plain-Coloured Flower (Yellow, Green, White)
Class 194	Plants at, or Less than, 25cm in height: Odd Flower Type
Class 195	Plants More than 25cm in height: Odd Flower Type
Trophy: Best of Classes 190 to 195 Cymbidium Hybrids	
Section 37: Maxillariinae	
Class 196	Anguloa, Lycaste, and Ida (Sudamerlycaste) Species and Hybrids
Class 197	Zygopetalum Species and Hybrids
Class 198	Maxillaria Species and Hybrids
Class 199	Maxillariinae Species and Intergeneric Hybrids not Otherwise provided for in this Schedule
Trophy: Best of Classes 196 to 199 Maxillariinae	
Section 38: Catasetinae	
Class 200	Catasetum Species
Class 201	Catasetum Hybrids
Class 202	Clowesia Species and Hybrids
Class 203	Mormodes Species and Hybrids
Class 204	Cycnoches Species and Hybrids
Class 205	Catasetinae Species and Hybrids not Otherwise Provided for in this Schedule

Trophy: Best of Classes 200 to 205 Catasetinae	
Section 39: Cymbidieae - Others	
Class 206	Stanhopea and Gongora Species and Hybrids
Class 207	Other Cymbidieae Species and Hybrids
Trophy: Best of Classes 206 to 207 Cymbidieae - Others	
Best In Show – Cymbidium Species (Classes 176 to 189)	
Best In Show – Cymbidium Hybrid (Classes 190 to 193)	
Best In Show – Other than Cymbidium (Classes 194 & 195)	
Best In Show – Best Cymbidieae (Classes 176-195)	
Group I: Bulbophyllum	
Section 40: Bulbophyllum Species and Hybrids	
Class 208	Bulbophyllum Species and Hybrids, multi-Flowered - fan with floral segments generally in a plane Plants with two or More Flowers at the tip of the inflorescence and typically forming a fan of Flowers. Sections include principally CirrhoPetalum,e.g. Bulbophyllum makoyanum.
Class 209	Bulbophyllum Species and Hybrids, multi-Flowered - cluster with floral segments not in a plane Plants with two or More Flowers at the tip of the inflorescence and typically forming an irregular dense cluster of Flowers. Sections include many Desmosanthes e.g. Bulbophyllum medusa, some CirrhoPetalum e.g. Bulbophyllum vaginatum, and some Sestochilus, e.g. Bulbophyllum refractilingue.
Class 210	Bulbophyllum Species and Hybrids, multi-Flowered - elongating Plants with elongating inflorescences where the Flowers open one (rarely 2-3) at a time. Sections include Intervallatae, Lepidorhiza (Dialeipanthé).
Class 211	Bulbophyllum Species and Hybrids, multi-Flowered - racemose Plants with crowded Flowers in a raceme and touching each Other (e.g. many in section AnisoPetalon (Careyana), Bulbophyllum beccarii, fletcherianum, lemniscatoides, coniferum) or with uncrowded Flowers in a raceme and not touching each Other (e.g. Bulbophyllum auricomum, rufinum, nigrescens, chloranthum, penduliscapum).
Class 212	Bulbophyllum Species and Hybrids, single Flowered - B. lobbii complex (section Sestochilus) Bulbophyllum species in the Bulbophyllum lobbii complex and Hybrids thereof.
Class 213	Bulbophyllum Species and Hybrids, any Other not provided above
Trophy: Best of Classes 208 to 213 Bulbophyllinae Species and Hybrids	
Best In Show – Bulbophyllum Species (Classes 208 to 213)	
Best In Show – Bulbophyllum Hybrid (Classes 208 to 213)	
Best In Show – Best Bulbophyllum (Classes 208 to 213)	
Group J: Miscellaneous Orchids	
Section 41: Foliage Orchids
